Tableware is Quickly Brightened When Soaked in Solution—Labor Also Eliminated.

Every housekeeper knows how much work is entailed in keeping silver clean. Furthermore, that this work must be done frequently, as the ware tarnishes even when stored away. A device has been invented by which the cleaning can be done in a fraction of the time heretofore required and without any scouring with powders or pastes. A metal pan, with a grating just above the bottom, is partly filled with a solution of warm

water and a tablespoonful each of common salt and baking soda. The pan is made of a material which will not corrode from the action of these substances in the water, but this same action will remove the tarnish from silver in a few minutes. The tableware is placed on the grating in the pan and allowed to remain there for from one to two minutes, if warm water is used, and from five to ten minutes if the water is cold. It is then removed and wiped dry, leaving it as bright as new.

OLD NEW ENGLAND DELICACY

Apple Slump Healthful and Appetizing, Particularly During the Months of Summer.

Pare, core and quarter one dozen cooking apples, pour over them one cupful of boiling water and put where they will begin to cook. Five minutes later add to the apples one and a half cupfuls of molasses and cook for 15 minutes more, while you prepare a soft biscuit dough, using two cupfuls of flour, one heaping teaspoonful of sugar, two level teaspoonfuls of baking powder, and one teaspoonful of butter, rubbed finely into the flour, and milk to stir to a dough that is too soft to roll. Put this over the apples, which should be tender, but not broken, cover the saucepan closely and cook 30 minutes without lifting the cover. Serve with a hot sauce, made by heating to a cream half a cupful of butter and one cupful of sugar, stirring in just before using one cupful of boiling milk and a seasoning of grated nutmeg.

Cucumber Soap.

Buy two and one-half pounds of mutton fat in the leaf and try it out, and save the rest. I get the cucumber juice by running cucumbers through food chopper and straining: One can of potash, dissolved in one quart of water, let it get cold, one pint of cucumber juice, one-half cup of borax, ten cents' worth oil of sassafras, one tablespoon of sugar to make it lather, six pounds of grease, melt your grease and when it is lukewarm turn the liquids (all together) in a thin stream into the grease, stirring all the time, until all is together, then stir 15 or 20 minutes until it is pretty thick. Pour it into a pan and let harden, cutting it in squares before it gets hard.—Exchange.

DOCTOR PRESCRIBES CUTICURA REMEDIES

"I wish to let you know of a couple of recent cures which I have made by the use of the Cuticura Remedies. Last August, Mr. — of this city came to my office, troubled with a severe skin eruption. It was dermatitis in its worst form. It started with a slight eruption and would affect most parts of his body, thighs, elbows, chest, back and abdomen—and would terminate in little pustules. The itching and burning was dreadful and he would almost tear his skin apart, trying to get relief. I recommended all the various treatments I could think of and he spent about fifteen dollars on prescriptions, but nothing seemed to help him.

"In the meantime my wife, who was continually suffering with a slight skin trouble and who had been trying different prescriptions and methods with my assistance, told me she was going to get some of the Cuticura Remedies and give them a fair trial. But as I did not know much about Cuticura at that time I was doubtful whether it would help her. Her skin would thicken, break and bleed, especially on the fingers, wrists and arms. I could do nothing to relieve her permanently. When she first applied the warm baths of Cuticura Soap and applications of Cuticura Ointment she saw a decided improvement and in a few days she was completely cured.

"I lost no time in recommending the Cuticura Remedies to Mr. —, and this was two months ago. I told him to wash with warm baths of the Cuticura Soap and to apply the Cuticura Ointment generously. Believe me, from the very first day's use of the Cuticura Remedies he was greatly relieved and today he is completely cured through their use. I have great faith in the Cuticura Remedies and shall always have a good word for them now that I am convinced of their wonderful merits." (Signed) B. L. Whitehead, M.
